

BOYS GYMNASTICS CLASSES

WHAT IS GYMNASTICS?

The definition of gymnastics is exercises for developing or displaying physical agility and coordination. The modern sport of gymnastics typically involves exercises floor, pommel horse, rings, vault, parallel bars and horizontal bar for males.

Gymnastics can be a competitive sport in which individuals perform optional and prescribed acrobatic feats mostly on special apparatus in order to demonstrate strength, balance, and body control, as well as non-competitive gymnastics to develop these skills.

OUR LEVELS OF GYMNASTICS
