40 minute class

A parent or other adult (minimum of 18 years of age) will assist your child in participation in this class. Children who enroll in these classes will work on gross motor skills as well as begin working on jumping on trampoline and hanging on the bars. Class begins with directional songs, songs with props, and other activities including catching and throwing. This is a fun and high energy class with lots of learning through play.

What to Expect

Your child may cry or seem upset during the first few classes. No worries. This is totally normal. Your child is being introduced to multiple new adults and children for the first time, and our gym is full of stimulation. If this new environment upsets your child during class, we encourage you to push through and encourage participation. Over the first few weeks of class, your child will learn what is expected in class, and become accustomed to these new surroundings.
