

3/20/2020

Dear Victory Families,

We are definitely in uncertain times with many concerns and questions about COVID-19 situation. I have spent the last days in prayer, talking with other gymnastics club owners and other business owners on what to do. I have listened to the information coming from the Federal, State and Local Government and their recommendations to keep safe. It is tough when you drive around town and see the number of businesses still open and the amount of people around town.

All I know is that My God is bigger than this and his promises are YES and Amen.

After contacting all our staff, we are all willing to remain open, however, with the corona virus spreading rapidly and the confirmed case in the Upper Cumberland, **Victory has decided to follow Executive Order to closed until at least April 6 12:01am for classes, team practices, camps, and any other functions or duties.** We will continue to update you each Friday to determine whether we will reopen for business the following Monday.

As a small local business, we are vulnerable in these situations and we greatly appreciate your business and continued support. Victory is doing all we can to continue to support our staff and ask for your help. We are expecting this to be a temporary closure for a short time, so unlimited make-ups will be available upon reopening. Charges for the month of April will be placed on your account on March 25th, but will not be drafted until reopening. If you feel that you would like to help us support the staff during this uncertain time, you can access your account online and make April's tuition payment yourself.

Thank you for your continued support, and we look forward to seeing you very soon!!!

Sincerely,
Allan & Angela Malone
Victory Sports Center

PS. We are working on loading Victory Games routines online, so students can watch their routine and be ready to practice when we reopen. Sign ups are still available online. Link will be sent through email when access is available.
